Long Range Security Camera

Night Vision 82ft / 25m

PRO-620™

High powered, day & night camera with long-view lens

If you are looking for a professional quality camera capable of seeing a longer view of your home or business then the Swann PRO-620™ Long View Security Camera could be perfect to suit your needs. Featuring 480 TV Lines and 1/3" Sony SuperHAD CCD sensor, The PRO-620™ has amazing video quality. The 35 infra-red LED's switch on automatically in low light to project infra-red beams for superior night vision up to 82ft or 25m. This camera is perfect for stairwells, parking lots, alley ways, building exteriors, warehouses or hallways as it can see magnificently at night or in darkened conditions. The PRO-620™ is an extremely robust, durable camera with durable metal casing, which can be used within a wide range of temperatures varying from below freezing up to extreme heat 14°F to 122°F (-10°C to +50°C). Everything you need is included in the pack including extra-long 60ft 18m BNC cable for connecting to a recording device and power, BNC to RCA connector for connecting to a TV, mounting bracket, mounting screws and plugs, power adapter, user guide, security stickers and more.
